

# WDVBG SERIES

## BOTTLED GAS GATE

3,500 lb. and 4,500 lb. Capacities

**Simple to Maintain  
and Operate, with Automatic  
Self-Leveling System**

### STANDARD WDVBG SERIES ADVANTAGES INCLUDE:

- Automatic self-bleeding system equates to a simpler hydraulic system
- UHMW wear pads offer longer life
- Dock Bumpers are independent of the liftgate, allowing fast and simple repair, while protecting the rails
- Unique standard features include: power up and down control for smooth consistent cycling in all weather conditions, power open/close

### OTHER STANDARD FEATURES:

- Lights in the Column – two oval red LED and two oval white non LED
- Maintenance free bushings
- Power unit: installed, tested, and sealed in pump box
- Adjustable platform chain
- Steel cased 2 and 4-way rubber booted marine toggle switch
- Circuit breaker and Master Disconnect Switch
- Powder coat finish on key liftgate components produces a high-quality finish that is exceptionally resistant to corrosion and abrasion
- A full 3-year warranty on the entire liftgate

Extra advantages for your delivery solution.
